

CALIFORNIA

SISTERS OF NOTRE DAME DE NAMUR

hearts wide as the world: together making a difference

Greetings!

I hope September finds you filled with happy summer memories and ready for a pleasant autumn.

With thanks for your friendship and support,

Monica May
Development Director

Relive the celebration!

On August 14, we celebrated the jubilees of nine of our Sisters, who together have faithfully served for nearly 600 years. We hope you'll visit and enjoy the photo gallery of the happy event.

South Sudan: A rare opportunity to learn more

We're delighted to report that Sr. Carolyn Buhs, who lives and works in South Sudan, is well and in California for a short visit.

You're invited to join Sr. Carolyn on the afternoon of Wednesday, September 28, to learn about her work

and the situation in the country. We'll send more details soon.

In an update from her colleague Brother Bill Firman, we learn how this child and many others are surviving food shortages thanks to the cooperation and generosity of others -- a modern miracle.

Read about a "modern miracle" and more

Save the date!

On October 29, 2016, the Notre Dame Associates will present **A Fair of the Arts**. The event features works by local artists as well as Sisters and Associates. Funds raised will support the Sisters' work in Africa and Latin America.

It's back-to-school time, and we've gone way back!

This photo is of a classroom at Notre Dame High School, San Jose, during the 1893-94 school year.

We don't know the age of the photo taken at St. Joseph's Alameda. If you do, let us know!
